

Marillana Iron Ore Project

Definitive Feasibility Study, Contract Support & Detailed Design

Client

Brockman Resources

Project Location

Pilbara region of Western Australia approximately 100 km north west of the township of Newman.

Project Value

AU\$3 Million

Project Summary

Engenium was engaged to fast track the Marillana Phase 1 project into production and was awarded the contract for the Definitive Feasibility Study, Contract Support and Detailed Design.

Phase 1 allowed for production of up to 2 Mtpa (ramping to 4 Mtpa) of fines product to be transported to Port Hedland by existing road and/or rail infrastructure then stockpiled and loaded onto a ship from a facility within Port Hedland.

Actual services provided by Engenium staff include Study Management, Engineering and Project Controls (Estimating, Cost Control, Scheduling, Contracts and Procurement).
