Hope Downs 4 Village Design of Services For 920 Personnel Camp

Client

DORIC

Project Location

30 km North West of Newman, Pilbara Region, Western Australia.

Project Summary

Engenium was engaged by DORIC to perform the Engineering Design of the Water, Power and Utilities Services associated with the Hope Downs 4 Village project.

The new village will house 920 personnel to service the Hope Downs 4 iron ore mine in the Pilbara.

Doric was awarded the contract for the design, supply and installation of the Hope Downs 4 Village in the Pilbara. Engenium provided the Engineering Design Services to Doric. This included all civil works, water and fire services, power generating systems, electrical distribution and communications cabling.

As a multi-disciplined Engineering project, Engenium involved five senior engineering staff on the project. The engineering deliverables include over 100 design drawings for construction and installation purposes.
