

## Wilcherry Hill Iron Ore Project Scoping Study

### Client

Ironclad Mining

### Project Location

Eyre Peninsula, South Australia.

### Project Value

\$500 million

### Project Summary

Engenium were appointed to work on Wilcherry Hill, a 2-5 Mtpa magnetite project, as a study manager and as part of the client's integrated team.

Engenium provided a technical overview on magnetite and assisted with the organisation and coordination of sub-consultants including heritage, environmental, process testwork, mining and resource.
